

THE PROBIOGEN ADVANTAGE

PROBIOTICS THAT THRIVE

PROBIOGEN formulas are microbiologist formulated and clinically proven to survive. They can be used for digestive balance, healthy immunity, and to support vitality from the inside out.

†Proven to Survive & Thrive 100x Better vs. Leading Brands & Yogurt in this Simulated Gastric Survival Study

THE TRUTH ABOUT PROBIOTICS TODAY

THE WORLD HEALTH ORGANIZATION (WHO) defines probiotics as “live microorganisms which, when administered in adequate amounts, confer a health benefit on the host.” This means that a true probiotic should provide live, viable cells that arrive alive in the gut.

Leading brands with up to 200+ billion CFUs only guarantee potency at the time of manufacture and use strains that cannot survive the harsh gastric system. Spore probiotics are among the most effective strains nature has to offer.

PROBIOGEN Smart Spore Technology™ has been proven to survive the harsh gastric system and make it to the site of action alive. Concentration of spore strains in the gut is relatively low, making them much more effective than other popular strains that already exist in huge numbers.

PROBIOTICS ARE BENEFICIAL WHEN THEY:

- Are an organism that naturally exists in the gut
- Are supplemented in a higher concentration than what naturally exists in the gut
- Can survive the harsh environment of the stomach acid and upper digestive tract
- Naturally occur in the environment and are stable in both the gut and the environment

All PROBIOGEN™ Probiotics:

- ARE SMART SPORES
- CONTAIN DNA-VERIFIED PROBIOTIC STRAINS
- HAVE 100X BETTER SURVIVAL RATES THAN YOGURT AND SOME LEADING BRANDS
- CAN BE USED ALONGSIDE A COURSE OF ANTIBIOTICS
- DO NOT REQUIRE REFRIGERATION
- ARE VEGETARIAN SAFE

PROBIOTICS THAT THRIVE & SURVIVE!

DARE TO COMPARE!

POTENT STRAINS IN PROBIOGEN PRODUCTS:

SACCHAROMYCES BOULARDII

- ✔ Yeast probiotic typically used for supporting general digestive comfort and regularity & promoting immune health.

BACILLUS COAGULANS HC

- ✔ A spore-forming probiotic, studied and supported by clinical research to help to support less gas, bloating & discomfort. It has been shown to work on leaky gut, support nutrient uptake and work on gut disruption caused by stress.

BACILLUS CLAUSII

- ✔ A well-studied, spore-forming probiotic with high efficacy and excellent tolerability. Bacillus clausii can colonize in the intestine in the presence of antibiotics. It also helps support healthy immune system responses.

BACILLUS SUBTILIS HU58

- ✔ A well-studied, spore-forming probiotic with high efficacy and excellent tolerability. It has the ability to identify and support the decrease of harmful bacteria. It has been shown to work on leaky gut, support nutrient uptake and work on gut disruption caused by stress.

CLEAR ADVANTAGES:

- ✔ Spore probiotic strains with guaranteed 99.999% survival through the harsh gastric system. With probiotics it's quality, not quantity!
- ✔ Guaranteed potency throughout its shelf life with DNA Verified Strains
- ✔ Proven to survive 100x better than the leading probiotics and yogurt
- ✔ Dairy free, allergen free, GMO Free, gluten free, soy free, sugar free, no binders, fillers, or flow agents and free of artificial colors and flavors
- ✔ No refrigeration needed

Daily Spore Probiotic

A once-daily, high potency spore & yeast formula, acid stable probiotic for digestive and immune health

- ✔ Supports overall digestive health and conditions such as:

- **Bloating, irregularity, and gas**
- **Food sensitivities**
- **Immune dysfunction**
- **Imbalances in the gastrointestinal flora due to antibiotic use and stress**

- ✔ Capsules may be opened, and contents sprinkled on food, in water, juice or other non-carbonated beverages for easy consumption.

- ✔ Don't be fooled by other probiotics' CFU count, more is not always better.

Our 8 billion thriving spore CFUs are EQUIVALENT to 100+ billion CFUs in today's leading probiotics, and the difference is probiogen's probiotics arrive alive!

Mood Balance Spore Probiotic

Stress 'gut' you messed up?

In addition to the benefits of the Daily Spore Probiotic, with Mood Balance you get additional support from:

- ✔ **Adaptogens such as Ashwagandha & Holy Basil to help calm the mind and deal with the physiological consequences of stress**

- ✔ **Herbs like Lemon Balm & Sage alleviate anxiety and improve mood**

- ✔ **L-Theanine, an amino acid known to calm the mind and reduce the psychological stress response**

- ✔ **Magnesium, to reduce susceptibility to the effects of stress**

Women's Vitality Spore Probiotic

Combines the power of probiotic cultures with nutrients to support women's health!

Probiotics help improve absorption of these critical women's health ingredients, and support healthy digestion, immune system health, and vitality. In addition to the benefits of the Daily Spore Probiotic, with Women's Vitality you get additional support from:

- ✔ **Lactobacillus acidophilus DDS-1, a potent probiotic strain to support normal urinary tract health and balanced vaginal flora**

- ✔ **Cranberry which contains proanthocyanidins, an antioxidant that has been shown to help support a normal, healthy bacterial balance in the urinary tract**

- ✔ **Caprylic Acid, a fatty acid with a natural ability to support healthy inflammatory responses, while also supporting normal, healthy reproductive and digestive function.**

Men's Vitality Spore Probiotic

Combines the power of probiotic cultures with nutrients to support men's health!

Probiotics help improve absorption of these critical prostate health ingredients, and support healthy digestion, immune system health, and vitality. In addition to the benefits of the Daily Spore Probiotic, with Men's Vitality you get additional support from:

- ✔ **Vitamin K2 which is essential in supporting normal bone health and prostate health**

- ✔ **Saw Palmetto that is filled with plant-based fatty acids and phytosterols that support healthy prostate and immune function**

- ✔ **Boswellia which contains boswellic acid that supports healthy inflammatory responses throughout the body**
