BEYOND ORDINARY ENERGY

VITAL PRO ENERGIZER

A SMARTER ENERGY FORMULA

G115 PANAX GINSENG

The standardized ginseng extract G115 is distinct from other ginseng extracts as it is highly researched and formulated to provide a consistent **4% ginsenosides** - which is the active compound responsible for the root's **clinically proven benefits**.

MUSCULAR ACTIVITY AND PHYSICAL PERFORMANCE

G115 has been shown to:

- enhance physical work capacity
- improve cardiovascular efficiency and appetite
- boost endurance, reduce fatigue and shorten recovery periods
- improve general well-being

COGNITIVE FUNCTION

G115 has been shown to:

- enhance working memory speed
- boost attention and focus
- improve brain blood flow and circulation
- improve calmness during cognitive stress and overall mental performance
- provide neuroprotective benefits

IMMUNE & STRESS RESPONSE

G115 has been shown to:

- enhance the innate and adaptive immune responses
- play a regulating role in the immune system
- provide protection from pathogens
- help the body better cope with adverse stress

MULTIVITAMINS

Vitamins B1, B2, B6, B12, B7, B3 & B9

- The B-vitamins are regarded as our “energy vitamins” as they play a vital role in maintaining daily energy levels. They collectively help release energy from food, increasing our metabolic efficiency. They also contribute to supporting cardiovascular health and nerve function.

As B-vitamins are water soluble and can help fill dietary gaps to prevent disease and/or disease progression, they should be replenished daily given that our bodies do not store them.

VITAMINS A, D3 & E

- The essential fat-soluble vitamins ALL play a role in immune function, separate from their own unique roles.

LECITHIN

- Lecithin functions as an emulsifier, preventing the separation of oils/fats in the capsules. However, it also helps the body to more efficiently absorb and utilize the fat-soluble vitamins (A, D, E).

MINERALS

COPPER, SELENIUM, MAGNESIUM, IRON, ZINC, CALCIUM

These minerals contribute to having more comprehensive nutritional support within the entire Vital Pro Energizer formulation. They support:

- overall health through immune system support (selenium / zinc),
- red blood cell formation & transport of oxygen (iron),
- absorption and balance of other nutrients (copper) and
- bone health and muscle recovery (calcium / magnesium).

PRODUCT COMPOSITION

+ Each soft gel capsule contains:

G115 Panax Ginseng extract	40 mg
Vitamin A palmitate	2667 IU
Vitamin D3 (Cholecalciferol)	200 IU
